

Examples of additional care and services

Offered at the resident's choice

In Les Résidences Soleil, we offer you the flexibility to quickly meet your changing needs, in the privacy of your apartment. Our wide variety of treatments and services will allow you to maintain and extend your autonomy as long as possible. We operate using an «À la carte» treatment grid rather than hours of treatment, so you only pay for what you need when you need it. A medical desk and care staff are also on site 24/7 in order to respond, free of charge, to any emergency.
